

## PRODUCT DESCRIPTION

**4750RLA®** Conform Series® application tape consists of a premium grade, heavily saturated paper with medium tack adhesion. This premask has a higher elongation, resistance to abrasion and moisture, with greater conformability to facilitate placement and transfer of medium to large graphics. A medium tack rubber adhesive achieves more consistent transfer of plotter cut vinyl graphics regardless of size and type. The stable adhesive system permits longer time periods between the lamination of the tape and the actual application.

Adhesive	Rubber-based
Color	White/Translucent
Thickness tape	127 microns
Thickness tape + adhesive	152 microns
Adhesion to steel*	13-15 N/100mm
Tensile	332 N/100mm
Elongation	12%
Tear resistance	70-80 grams
Shelf life**	1 year

\* Adhesion PSTC-1, 1 minute on stainless steel at time of manufacture

\*\* Stored at 22°C / 50-55% RH

## FEATURES & BENEFITS

- No adhesion build to store graphics.
- Extra-heavy weight facestock makes handling of large graphics easier.
- Heavier paper is also less likely to tear during removal, so installations are completed with fewer delays.
- Removes easily from applied graphics.
- Conform® Release Liner Adhesion adheres well to release liners for superior lay flat preventing tunneling and edge curling of stacked or rolled graphics.
- Removes easily following graphics application.
- If adhesive touches adhesive, Conform pulls apart easily with no adhesive delamination.

## APPLICATIONS

- Heavyweight paper application tape for medium and large vinyl graphics.
- All-purpose application tape for wet and dry applications.
- Excellent for transferring graphics to banners.
